Classic Candlewick Quilt Block a Month

Have you ever dreamed of making your own Candlewicked quilt? Margaret sure did and she designed her own which I would love to have the opportunity to share it with you.

You will be able to choose from traditional cream or use the lovely colours available in Candlewicking Thread. Margaret's quilt has been worked using Cascade Candlewicking thread; this thread is no longer available. We recommend the use of PC Traditional Candlewick, Tri-Finca8 or Finca Perle8 threads. All 12 blocks are 16 inches square in size, the design area covering approximately 13 inches of the 16 inches of the block size. The finished size of the quilt is 203cms (80 inches) x 251cms (99 inches) which includes 3 inch sashing between the blocks and a 10" candlewicked border. A medallion centre is an option to make the quilt into a king size. The medallion can also be used on its own to make a cot quilt.

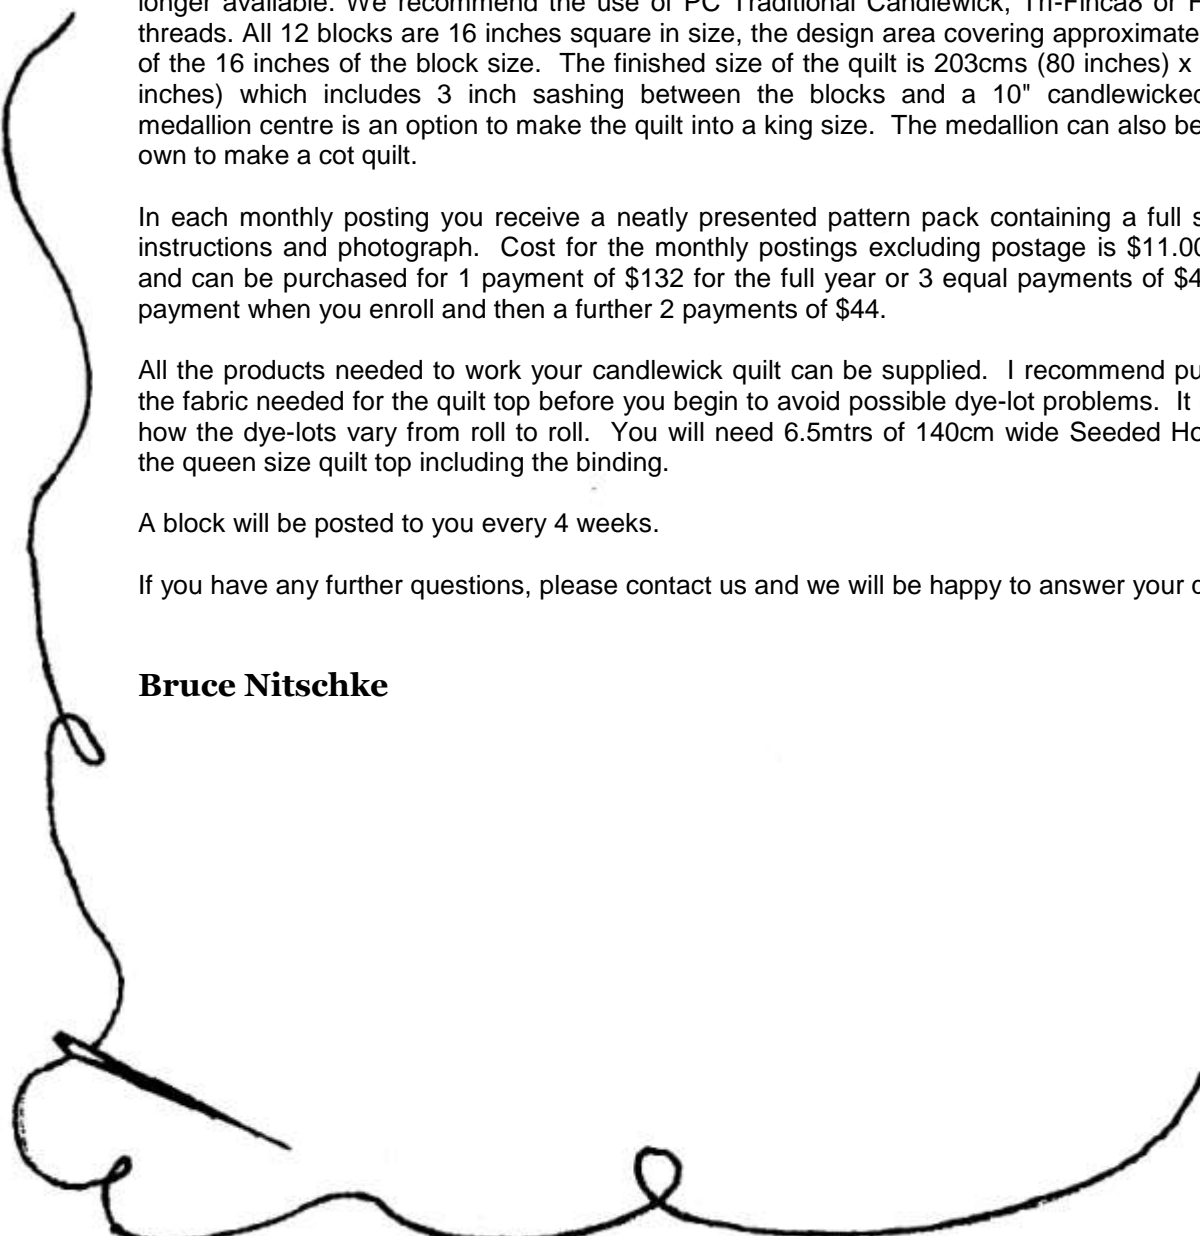

In each monthly posting you receive a neatly presented pattern pack containing a full size pattern, instructions and photograph. Cost for the monthly postings excluding postage is \$11.00 per month and can be purchased for 1 payment of \$132 for the full year or 3 equal payments of \$44 i.e. a \$44 payment when you enroll and then a further 2 payments of \$44.

All the products needed to work your candlewick quilt can be supplied. I recommend purchasing all the fabric needed for the quilt top before you begin to avoid possible dye-lot problems. It is surprising how the dye-lots vary from roll to roll. You will need 6.5mtrs of 140cm wide Seeded Homespun for the queen size quilt top including the binding.

A block will be posted to you every 4 weeks.

If you have any further questions, please contact us and we will be happy to answer your queries.
